OBJECTIVE

A dedicated and enthusiastic computer science student seeking a challenging position to enhance my problem-solving skills and advance my expertise in data structures, software development or IT roles. Eager to contribute to innovative projects and collaborate with a dynamic team to drive technological advancements.

EDUCATION

Btech in Computer Science and Engineering, Kallam Haranadhareddy Institute of Technology Expected 2025

Intermediate, NRI Junior College 2019 - 2021

SSC, Viveka Public School 2018 - 2019

SKILLS

Programming Languages	C++, JAVA, PYTHON(basics)
Web Development	HTML, CSS, JAVASCRIPT
Core Competencies	Strong foundation in data structures and algorithms , object-oriented programming.
Software Development Concepts	Familiar with unit testing, code reviews , and design patterns.

PROJECTS

PERSONAL PORTFOLIO | Project | Source Code

- Designed and developed a responsive portfolio website showcasing projects, skills and my certifications.
- Utilized **HTML**, **CSS**, and **JavaScript** to create an interactive and visually appealing user interface.
- Implemented **modern web design principles** and ensured cross-browser compatibility.

FREELANCE FINDER | Project | Source Code: Frontend | Backend

- Developed a freelance marketplace platform connecting freelancers with clients, allowing users to register as buyers or sellers to post and discover freelancers (**Full-Stack Project**).
- Implemented role-based functionality, enabling sellers to create and manage their freelance services while buyers can browse profiles and directly contact freelancers.
- Tech Stack: MongoDB, Express.js, React, Node.js (MERN)**

CERTIFICATIONS

Google Android Development Virtual Internship May 2024

Salesforce Developer Virtual Internship Dec 2023

Joy of Computing Python through NPTEL Nov 2023

EXTRA-CURRICULAR ACTIVITIES

- Actively participated in **coding challenges and hackathons**, showcasing **problem-solving** and collaboration skills.
- Engaged in **open-source contributions** to improve coding proficiency and community involvement.

INTERESTS

- Exploring innovative **AI/ML** applications in software development.
